Dear customer,

Before you begin work, check the parts list to ensure that all the individual parts have been delivered. If you discover any missing parts, notify your dealer within 14 days of receiving the sauna cabin.

Keep the delivery note, the invoice and the assembly instructions in a safe place in case of any questions.

You require the following tools:

- 1 hammer and a wooden block or a mallet
- 1 cordless screwdriver with bits for cross-head screws and Torx
- 1 roller tape measure
- 1 drill bit Ø10 mm; 1 drill bit Ø3 mm
- 1 spirit level
- 1 pencil

You need an assistant for assembly. We also advise you to pre-drill the holes for the screws.

- ! The electrical connection may only be performed by a qualified electrician or similarly qualified person.

There may be slight variations in the dimensions.
Subject to technical modifications and misprints.
